

WET BOOSTA 4

Wet Boosta 4 is a loose, dry cattle lick ideal for:

- Weaners
- Fertility
- Milk production
- Weight gain
- Herd health

Use when cattle are grazing wet season pasture on moderately phosphorus deficient country.

Order in 1 tonne bulka or 25kg bags.

Wet Boosta 4 is ideal for weight gain in all cattle classes, as well as improved fertility and increased milk production for breeders.

The formulation includes the bonus of probiotic to improve health and performance. It aids effective digestion of fibre, and higher extraction of energy from the available feed to enhance weight gain and body condition.
